

BUYERS GUIDE 2023-2025

ABOUT

ProFit started in 2009 as the brainchild of our fearless leader. He saw a gap in the market for another serious supplier and distributor of well manufactured but affordably priced steel toe cap safety shoes and boots in South Africa. He began importing a core range of about 9 styles to suit specific industry needs. It quickly found homes with some of the most recognised construction, mining, agricultural and engineering firms in South Africa. In 2016, the range rapidly accelerated to 19 styles and a set of comfort adding accessories. Core focus on high efficiency and stock availability, firmly cemented ProFit as a niche brand offering all the bells and whistles for the entire industrial and agricultural sector. Today we have 27 styles available from Certified Distribution Partners in 8 African countries across Southern Africa.

Our lean and mean, passionate team has almost 100 years' worth of combined experience in the safety industry. Our objective is to offer you the perfect solution to all your safety footwear needs. Reach out to us and find out what you can expect from the youngest, most dynamic and fastest growing safety footwear brand in the country. Until you've experienced a few hours in a pair of ProFit safety boots or shoes – you've never really felt truly comfortable safety.

Our 4 "Pillars of ProFit" are

- More **TRUST.**
- More **EXCELLENCE.**
- More **VALUE.**
- More **EXCLUSIVITY.**
